

Tuskegee Airmen, Inc.
ATLANTA CHAPTER

July 31, 2011

Dr. Debi Huffman
President, EAA 690
Fernbank Science Center
156 Heaton Park Drive
Atlanta GA 30307

Dear EAA 690 Family,

On behalf of the members of the Atlanta Chapter Tuskegee Airmen, Trailblazers and Torchbearers alike, **Thank You** for once again providing Young Eagles Flights to our annual Campers.

Your dedication to serving youth, in a number of capacities, but especially by offering wonderful flights in your personal GA aircraft, is evident, noted and dearly appreciated.

Thank You for always welcoming our youth, explaining procedures and other pertinent details so thoroughly (our Camp is all about empowering our young people with knowledge), and giving them "the rides of their lives!" :D I must relay that one of our young gentlemen climbed out of his YE aircraft this summer (he's 6'2" tall), threw his arms into the air, and exclaimed, "This is the BEST day of my life!" :D :D ... I don't believe I can top his words.

Our gratitude for sharing your time and talents with our future aviators and for always capping off our Camp week with wondrous-winged flights.

Wishing you Blessings and Blue Skies,

Donna Brockmann
Program Director, 2006-2011
